Parent Bulletin

Our Principal Says:

- **WELCOME BACK!** It was awesome to see St. John's students return to in-person instruction on Monday. We currently have 130 students enrolled, most electing in-person instruction. Due to our incredible faculty, St. John's is also meeting the needs of those families who have elected remote learning as an option. We still have openings in Pre-S, Pre-K, 2nd, 3rd, 4th, 6th, 7th and 8th grades.
- St. John's is in need of a parent to do light maintenance in the school which could include, replacing light switches, light bulbs, light ballasts, minor plumbing, painting, etc. A tuition credit will be given for services performed. Please contact Mr. Green if you are willing and able.
- **Reminder:** Education Fees and Tuition Agreements are now PAST DUE. Please accept your Agreement on TADS immediately.
- I am a dog lover but not all students feel comfortable around dogs. Since our dismissal process is a little different this year, some parents have been bringing the family dog with them for pick up. Please be aware that dogs are not allowed on the school campus. While on the sidewalks, please limit your dog's interaction with others to your immediate family.
- It has been a good week. The students seemed to have adjusted to the health protocols. All important information will be shared with you via **FAST DIRECT**. *Please check for messages each day.* All new families to St. John's were emailed their instructions to activate Fast Direct. Please contact the office if you need that information again.
- Thank you for entrusting your children to our care. I pray that God continues to grant good health to the students and their families, faculty and staff of St. John's.
