September 11, 2020
Week #3

Parent Bulletin

Our Principal Says:

- I am **so proud** of the way our students have adapted to wearing their face masks. I encourage you to get creative in face mask attire. I recently wore a "Cookie Monster" face mask. More surprises to come. You can also order a St. John's face mask through the St. John's school store. The link to the store is included in this week's newsletter.
- Please **DO NOT PARK** inside of the blue line on Montrose during drop off or pick up. This is a designated loading zone and handicapped parking zone. It is illegal for you to park in this zone unless you have a handicapped parking placard. 
- The Chicagoland Lutheran Education Foundation continues to be a great blessing to St. John's. *This year alone CLEF has provided over \$100,000 in direct financial support to St. John's.* This support includes scholarships, salary support for four teaching positions, curriculum and technology support, and continued professional development for the St. John's staff. Please make sure to write a thank you letter to CLEF if you have received a CLEF scholarship and give it to the office.
- Lastly, over the summer, St. John's had to replace the boiler. The bill was over \$60,000. I am including a message from the Chairman of the St. John's Board of Elders. I invite you to assist in the fundraising effort if you are in a financial position to do so and to share this link below with family and friends.

The mission and ministry of St. John's Church and School continues even as the world around us is challenged by COVID-19. Despite our physical distance during these last few months, we have stood together as a community. We look forward to once again filling the pews of our church and the desks of our school. **To do this safely, we will need to prepare and repair our building. We launched a fundraising campaign to accomplish this objective. Please click this link for more information:** <https://charity.gofundme.com/stjohnschicagolcms>
