## **GENERAL OVERVIEW**

### **MISSION STATEMENT**

St. John's Lutheran School exists to provide a Christ-centered education in a safe environment to a culturally diverse student body that engages the whole child through an innovative academic program that promotes a love of learning and a life of service.

### **VISION STATEMENT**

St. John's Lutheran School will be known for equipping learners from diverse backgrounds to become empathetic and loving citizens who positively impact their community and world by living out the Gospel of Jesus through a life of service.

### **CORE VALUES**

Faith, Family, Community, Love, Service, Academic Excellence

### **LUTHERAN SCHOOLS**

Lutheran Schools in the United States were established as early as the first colonies. More than 1,280 early childhood centers and preschools are operated by congregations and Christian day schools within the Lutheran Church-Missouri Synod. More than 221,000 children, infant to five year of age, are involved in these programs. Additionally, our congregations operate 850 elementary schools which serve 113,000 students.

St. John's was established in 1876 and is a member of the Northern Illinois District of the Lutheran Church-Missouri Synod. Like other Lutheran schools, it is not in competition with public schools; rather, it supports every effort of good public education. The unique purpose of St. John's Lutheran School is to provide a Christ-centered educational program in which children can grow spiritually while they fully develop their God-given talents.

### **PURPOSE OF CHRISTIAN EDUCATION AT ST. JOHN'S LUTHERAN SCHOOL**

Christian parents have the responsibility to teach the Word of God to their children. Scripture clearly commands parents to bring up their children in the nurture and admonition of the Lord (Ephesians 6:4).

God commissioned His church to "teach all nations," teaching them to observe all things commanded by God. Children are included in "all nations" and need to be taught according to God's command (Matthew 28:19-20).

The purpose of St. John's Lutheran School is to provide an innovative and engaging academic experience to children of varying backgrounds in a safe Christian environment. It is in this Christian environment that students learn that they are saved by ***"grace through faith . . . it is the gift of God" – Ephesians 2:8.*** In this Christian environment students are prepared for service in their school, church, and home communities. ***"For we are his workmanship, created in Christ Jesus for good works which God prepared beforehand, that we should walk in them."*** – Ephesians 2:10.

### **ACCREDITATION**

St. John's Lutheran School is accredited through National Lutheran School Accreditation (NLSA). NLSA is nationally recognized by numerous states and regional accrediting associations.

St. John's is also recognized by the Illinois State Board of Education as a fully recognized non-public school.

### **ADMINISTRATION**

St. John's Lutheran School is owned and operated by St. John's Lutheran Church. Final authority in the control of the school rests with the Voters' Assembly of St. John's Lutheran Church. To carry out the purpose and philosophy of the school, the Voters' Assembly delegates responsibility for operation of the school to the Board of Christian Education (BOCE).

The Voters' Assembly also calls a principal who is responsible for administering the approved policies of the school. The principal, with help from the faculty, also suggest changes in policies, curriculum, and facilities for the improvement and welfare of the school and its program of Christian education. The principal is the contact person for faculty, parents, and the public in all areas of school operations.

### **OFFICE HOURS**

The school office is open Monday through Friday from **8:30 a.m. to 4:30 p.m.** throughout the school year, and 9:00 a.m. to 3:00 p.m. during the summer. The office is closed for major holidays. Voice mail is available after hours.

### **ST. JOHN'S WORSHIP OPPORTUNITIES**

Chapel *Usually on Wednesday: 8:45 a.m.*

***Special Chapel Days as determined by faculty, principal and pastor.***

**Additional services** are held throughout the year, especially during Advent and Lent.

### **SPIRITUAL GROWTH**

All children who attend St. John's School and their parents are expected to be faithful in church attendance. St. John's urges families who have no church home to worship regularly and faithfully at St. John's.

Parents are invited to attend the **Didache Course (Adult Information)** taught by our pastor. Parents who are not members are afforded an excellent opportunity to become acquainted with the Biblical teachings their children are learning in school, to have their questions answered, and to find spiritual assistance in their lives. It also helps parents to work more closely with the school in the Christian training of their children. All new non-member parents are encouraged to attend the adult information class but they are not required to join the church.

In general, grading is based on the A, B, C, D, and F method in grades 1 through 8. The principal, prior to distribution of report cards, must approve exceptions. Pre-school and Kindergarten have approved grading methods that are appropriate to that age level.

- The four quarter grades will be averaged and recorded as the final grade in the permanent record. If a student receives 2 F's in any core subject the student will fail the subject.
- Objective grading is the norm and is derived on a percentage basis.
- Some student work may be graded through use of a "curve". Teacher judgment in subjective grading may also be appropriate in some cases.
- "Weight" of tests vs. workbooks, discussion and extra credit are all considered as part of the grade determination. Teachers are to communicate the above plan and "weight" system verbally and in writing to the parents.
- Grades on student assignments may be listed as a percentage or letter grade.
- Parents should check with their child's teacher regarding specific grading practices.

## HONOR ROLL

The honor roll is published every quarter in grades 4-8. All subjects are included in calculating the GPA.

- High Honor Roll- GPA must be 3.6-4.0.
- Honor Roll- GPA must be between 3.2-3.5.

## **PROMOTION**

St. John's goal is to help every student achieve passing grades and move up to the next grade level whenever possible. However, promotion to the next grade is dependent on the student's academic performance and attendance.

## **ACADEMIC PERFORMANCE**

If a student receives 2 F's in any core subject, for any 2 quarters, the student has failed that subject. In order to pass a failed subject, the student must do one of the following, at the expense of the parent/guardian, and provide proof by August 15.

1. Successfully complete summer school in the failed subject(s).

**OR**

2. Obtain 30 hours of certified tutoring in the failed subject and pass a test administered by St. John's prior to the start of school.

If the student chooses to be tutored in the subject(s), a written test will be required prior to the end of the school year in the failed subject. The test will then be used to compare and document progress after tutoring in the subject that has been completed.

**If a student fails 2 or more core subjects**, that student may be retained and be required to repeat the grade. A student with missing assignments will make special arrangements with the teacher to complete the assignments. The grade F will be entered on the report card if the student fails to complete the assignments within their agreed upon time frame.

## **RETENTION**

The teacher must communicate the retention possibility to the parents and the principal in a parent-teacher conference prior to the end of the 3<sup>rd</sup> quarter.

- A tentative recommendation will be agreed upon in a conference with the teacher, parent and principal prior to the last day of school. The recommendation will be brought to the BOCE for approval. Recommendations may be either one of the following:

An 8<sup>th</sup> grade student with an average grade of "F" in any core subject will not

receive a diploma and may not be permitted to participate in the graduation commencement.

## DISCIPLINE

The best type of discipline is self-discipline. All students are entitled to the kind of discipline that results in self-control, emotional stability, and growth in moral/spiritual values. Therefore, different approaches to discipline are needed for different students.

All discipline should be adjudicated based on Christian love and in accordance with **Matthew 18**: *"If your brother sins against you, go and show him his fault, just between the two of you. If he listens to you, you have won your brother over. But if he will not listen, take one or two others along, so that every matter may be established by the testimony of two or three witnesses. If he refuses to listen to them, tell it to the church; and if he refuses to listen even to the church, treat him as you would a pagan or tax collector."*

### **Disciplinary Action:**

The teacher or staff member will reprimand the student for misbehavior and take appropriate action, as he/she deems warranted. The disciplinary action taken by a teacher or staff member will also be based on the nature and/or severity of the misbehavior, as well as the student's behavioral record. Action may include (but is not limited to):

Please notify the school immediately when you are certain your child has a communicable disease. This should be verified with a physician. The school will notify the families of other children in the class or extended care so that they can watch for signs of illness in their child.

According to the Illinois Department of Public Health requirements, children are to be excluded from school according to the following recommendations or longer if recommended by the family physician.

**CHICKEN POX:** Incubation period is 10-21 days. A sudden onset of mild fever, uneasiness and itchy rash progresses to lesions that last 3 to 4 days before scabbing. The disease may be transmitted one to two days before onset of rash, through the first four to five days.

Child is to be excluded from school for not less than five days after the first eruptions or until all spots have crusts, whichever is later. Exposed children may attend school.

**GERMAN MEASLES/RUBELLA:** Incubation period is 14-21 days. A low-grade fever, uneasiness, swollen glands and upper respiratory illness (cold) precedes the rash of small pinkish-red blotches, beginning behind the ears and on the face. The disease may be transmitted one week before and one week after onset of the rash.

The child is to be excluded from school 7 days after the rash onset. Exposed children may attend school.

**MEASLES:** Incubation period is 7-18 days. Starts like a cold with higher fever, watery eyes and runny nose, sometimes sneezing and coughing. Rash occurs third to fifth day after onset of fever and is composed of groups of red blotches on the face which spread downward onto body. Rash last 4-7 days. Highly communicable from slightly before the beginning of the cold like symptoms to four days after the appearance of the rash.

Child is to be excluded from school until four days after appearance of the rash. Exposed children may attend school.

**MUMPS:** Incubation period is 12-26 days (commonly 18 days). Fever, nausea, pain and swelling around jaws, in front of and behind ears. Disease may be transmitted from six days before the onset of symptoms to nine days after developing swelling.

Child is to be excluded from school until nine days after the onset of swelling. Exposed children may attend school.

**PINK EYE:** Incubation period is 1-3 days. Symptoms include pink/redness of the eye, with white or yellow discharge on the eyelids; eye pain, or redness of the eyelids or skin surrounding the eye. Pink eye is transmitted by direct contact from the upper respiratory tracts of infected persons, from contaminated finders and other articles.

Child is to be excluded from school until 24 hours after treatment begins.

**SCARLET FEVER AND STREP THROAT:** Incubation period is 1-3 days. Sudden onset of fever, sore throat and rash which appears as pinpoint bright red dots first seen on the neck and upper chest. (These are not always present. Strep throat is scarlet fever without a rash). Disease is transmitted person-to-person by direct contact with nasal secretions, by ingestion of food contaminated by an infected food handler's nasal secretions, or streptococci present on the skin.

Isolation is required until 24 hours after the child receives the first dose of antibiotics, child may return to school when fever has been gone for 24 hours providing nose, glands, throat and ears are normal upon inspection by a physician. Exposed children may attend school.

**HEAD LICE:** Incubation is 7-10 days. Symptoms include scratching of the scalp and pinpoint gray-white eggs (nits) attached securely to the hair shaft. Lice or nits must be destroyed by treatment. A second application is recommended 7 to 10 days following the first treatment.

Lice are transmitted by direct contact with an infested person, clothing or article. Students must be excluded from school until the day after the first shampoo, lotion or cream rinse is properly applied, and no nits are present.

### **CONCUSSION POLICY**

Concussions received in and out of school are a serious diagnosis that must be monitored carefully due to both short-term and long-term potential consequences. St. John's Lutheran School recognizes the

importance and priority of students that may suffer a concussion at any time. The following outlined protocol is to ensure safety for the child who has received a concussion. It must be coordinated between faculty, the child and family, and their primary care giver or specialist diagnosing the concussion:

1. The principal appoints a concussion oversight team. Clef School Nurse, Pat Braun is automatically a member of the team.
2. A child with symptoms of concussion happening at school goes to the school nurse or trained adult staff or faculty to express symptoms or a possible concussion if an incident was not witnessed. If the child experiences a potential concussion in a school activity (sports related, playground, classroom) they must be removed from the activity and sit quietly until they can receive further evaluation. If the child receives an out of school concussion, the school must be notified as soon as possible. Both in and out of school received concussions require clearance from a licensed physician, nurse practitioner, or medical specialist before the child returns to school. The school nurse and/or faculty must be notified to assist with monitoring the child.
3. The school distributes a brochure to any family whose child may have sustained a concussion, regardless of whether or not the concussion occurred while the child was participating in an interscholastic athletic activity. The Illinois Department of Public Health provides a series of customizable concussion handouts and posters via the Centers for Disease Control (CDC). The handouts are available at <https://www.cdc.gov/headsup/resources/custom.html>
4. Once back in school, the following assessment are made each day by the school nurse and /or faculty. A child is assigned a level when he returns to school or school is notified of concussion and gradually progresses to the top level. Each level or stage should be approximately 24 hours or longer. If symptoms reoccur, the child would return to the previous stage. Consult with the parent, primary provider (Pediatrician or Nurse Practitioner) or specialist may be done if questions or if the child has reoccurring symptoms:

#### **Return to Learn (Levels 1-5) and Return to Play (Level 4) Policies**
